-  Speed: 0.5 – 25 km/h
-  Speed increments: 0.1 km/h
-  Elevation range: 0 – 25%
-  Elevation increments: 0.5%
-  safety: Emergency stop with magnetic lanyard

## Why the Valiant 2 Sport

### Unique design

The treadmill is designed as part of the Lode design line to fit perfectly in the environment it is used.

### Various handrails available

Various handrails are optional available, making the treadmill suitable for your specific stress test setting.

### Extreme performance option

Various options make this treadmill the gold standard for top athletes:

-  High speeds
-  Negative elevation
-  Fallstop

### Smooth acceleration

All treadmills have a smooth acceleration from 0 km/h to the start speed.

### User friendly display

The Lode Valiant 2 Sport Treadmill is supplied with a 7" user-friendly control unit, enhanced with a responsive touchscreen interface, allowing for effortless manual control. The intuitive interface of the 7" control unit elevates the user experience but also delivers accurate command over the treadmill's settings, guaranteeing smooth modifications customised to specific demands.

### Compatible with ECG and pulmonary devices

The Valiant 2 Sport can be controlled easily by all known stress ECG and pulmonary devices available in the world.
